

Atlantic Breeze™

Premium Japanese Cedar (Sugi)

- 100% Cryptomeria Japonica from the Azores region of Portugal.
- Certified Sustainable: Each piece of wood is FSC 100% certified
- All wood is processed in-house to guarantee consistent quality and supply.

THE SUGI STANDARD – QUALITY WOOD FOR QUALITY WORK

Atlantic Breeze™ is exceptional Japanese Cedar, known as 'Sugi', to the North American market. 100% FSC Certified from the Azores, undergoes precise kiln-drying for enduring stability. Our extensive selection includes Rough Sawn, Smooth Four Sides (S4S), Tongue & Groove (T&G), Eased Edges, and Clear (knot-free) wood, alongside Lattice Panels and Dog Ear profiles, catering to a myriad of construction needs from aesthetic interior finishes to resilient outdoor applications.

RS - Rough sawn

S4S - Smooth four sides

CLEAR - Knot free

Address: 186 Nanaimo Ave W
